

NEWSLETTER

February 2023

Dear friends, dear supporters,

At the beginning of the year 2023, we would like to wish all of you a beautiful and happy year. We are looking forward to further cooperation with parents, children, schools, local governments and we would like to thank our team in Nepal and all our supporters.

In the last few weeks we have been supported by various people through creative fundraisers. This Newsletters talks about these people and fundraisers and the impact the donations are having in Nepal.

We give a final insight into the Ruby Valley winter clothing project, report on our annual winter education program, which aims to support selected school scholarship children with learning during the winter holidays, and the renewal of our registration in Nepal.

OneLoveOneWorld has been administratively involved in renewing registration with the District Administration Office, Kathmandu. In this renewal process, the organization is checked by professionals. The income and expenses, as well as the project activities and submitted plans are compared. We are happy to be able to work again for another year with the permission of the government.

Another success: Last month we were able to place 4 more school sponsorship children who now have a sponsor. Thank you!

Winter Education Program, 2023

With the aim of using children's winter holidays for educational progress and improving communication between children and employees of OLOW, the "Winter Education Program 2023" was carried out in Shree Vidhya Mandir Secondary School from January 16th to 24th, 2023. A total of 17 children took part, who learned learning strategies in these days in order to be able to learn better independently at home. In addition to this individual and group interaction, handwriting and public speaking were practiced, games were played and space was given for exchange. Spending time together also means that the OLOW employees get to know the children and their learning needs better and can plan support more specifically.

WM alternative program

Holger Wagner, Daniel Baethcke, Juergen Nitschke have been playing basketball together for years on TV Olpe and regularly campaign for social equality, human rights and against discrimination. The idea of an alternative World Cup program came to Holger and Daniel as a response to the fact that they could not imagine watching the games jubilantly due to the human rights violations that took place in Qatar, among other things during the construction of the stadium.

Hundreds of Nepalese migrant workers have died during stadium construction in Qatar. 6,500 people from Nepal, Sri Lanka, India, Pakistan and Bangladesh died during construction between 2010 and 2021. Instead of sitting in front of the TV and supporting FIFA, the three wanted to bring people together and collect donations for a good cause.

So the three of them came up with the idea of organizing a football tournament, a film evening and a dance evening for children as an alternative to the preliminary round matches of the DFB selection. They raised a total of 726.30 euros and donated them to OLOW for the education of children in Nepal. The donation will be used in Nepal for children who grow up in poor conditions, on the fringes of society, who would not be able to attend school without our support.

We would like to thank Holger, Juergen and Daniel for their commitment and all friends, acquaintances and families who supported the campaign.

Mocks Child Municipal Assembly

OneLoveOneWorld and other like-minded organization collaborated for Second Mocks child Municipal Assembly organized by Lalitpur Metropolitan City from 10th to 13th January 2023. 72 children participated from 29 wards, where children got Right to information and received theoretical knowledge and could exercise practically regarding formation of Local Government. Children did role play on Municipal Assembly in front of current Deputy Mayor of Lalitpur Metropolitan City and other guests as well as Memorandum of children's voice and their issues were handover to concern authorities.

11th Annual General Meeting and Social Audit

On 31st December, 2023 Annual General Meeting and Social Audit of OneLoveOneWorld was completed in presences of Ward-14 president of Lalitpur Metropolitan City, Board Members, and Principals from different school, women group, different organization and child club. And with the recommendation from Municipalities of Kathmandu, Bhaktapur and Lalitpur, organizational renew of Fiscal year 2079-80 was completed on 8th January, 2023 in District Administration Office (CDO) Kathmandu.

Thank you very much

Helping Hands for children from Ruby Valley

Alexander Faccioli supported OLOW with a self-initiated fundraising campaign and raised 950 euros for the Ruby Valley project through his active commitment. Justin Peach contributed 1145 euros to the Ruby Valley project with the Kleine Woelfe e.V. association and the Lions Club Kreuztal 1000 euros. So we collected 3095 euros. We needed almost 3500 euros for the winter clothes and school materials for the children and the transport. We financed the remaining 500 euros with donations that were not earmarked for a specific purpose. Many thanks to everyone who supported this project.

Mulled wine donation 2.0 in University of Siegen

During the pre-Christmas period, charitable mulled wine bar for Onelove Oneworld e.V. could take place again after a long break in the premises of the autonomous cultural department of the University of Siegen - thanks to a new, motivated team of volunteers. Vanessa Kaiser-Coleman, Isabell Gunesch, Debby Liening and Albert Schefer collected all the necessary information from Alex Mosig and Bülent Cengiz beforehand and then set to work with full commitment and great passion: numerous paintings were hand-painted within the university posters and plenty of advertising on all social media channels, along with fresh vegan waffle batter and homemade Christmas liqueur in the lovingly decorated Kultcaff for a cozy atmosphere prepared on a weekly basis. Thanks to the enormous willingness to donate among all the students present, a stately 563 Euros could be collected, which will be of great help for the projects of the association.

Since the fundraising goal of 750 euros has not yet been reached, we will start a separate call on Facebook on February 15th, which all supporters and interested parties are of course welcome to share via all possible channels.

A backpack from the Arniko Concept Store [<https://arniko.ch/>] will be raffled off among all donors!
